

# Why Choose Us?

## Personal Account Managers

Committed to you and your business, Netwise Hosting account managers are provided with every solution, enabling one-point-of-contact for all your questions and queries. Long gone are the days of chasing an endless phone system, being passed from one member of staff to another.

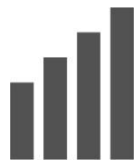

## 24x7 UK Support

Offering diverse technological services places a high demand on support networks; demand that would likely cause most service providers to fail entirely. Netwise Hosting take great pride in offering a dynamic and robust support network that can handle any issue, at any time - day or night.

## Private London Data Centre

Netwise Hosting control the design, build and operation of an independent data centre in South London, Sutton. Designed in-house from the ground up, rest assured that your solution is safely sheltered in a temperate controlled, secure environment with active monitoring and support – 24 hours a day.

## 99.9% Enterprise Class SLA

Nearly all internet service providers claim to provision services in line with a 99.9% SLA. Netwise Hosting put money on it - offering credit for any downtime you may occur. Network uptime and performance is taken very seriously. The Netwise Hosting team is only happy when you're firing on all cylinders - all the time.

## True Business Flexibility

Many hosting companies prove highly inflexible when it comes to providing for unique, individual requirements and needs – something Netwise Hosting take pride in working against. Actively striving to build long lasting business relationships with all clients, Netwise Hosting will do everything possible to assist you whenever needed – from configuration to cables, everything is well catered for.

## Speed, Security, Stability

The company motto is simple, and remains at the very core of the entire Netwise Hosting operation. Constantly pushing new frontiers, and always improving upon current boundaries, Netwise Hosting aim to offer a quick, safe and robust environment across all service offerings - both physically and electronically.

Group House, 52 Sutton Court Road,  
Sutton, Surrey, SM1 4SL
